

SpiceProp Giveaway Challenge Account Rules

1. What Are Giveaway Accounts?

Giveaway accounts are temporary challenge accounts designed to help users understand SpiceProp's trading challenges and platform functionality. They allow participants to:

- Progress through challenge stages under standard rules.
- Complete challenge requirements and receive simulated funded accounts.
- Experience prize payments upon meeting withdrawal conditions.
- Go through the KYC process and sign the simulated account agreement.

The goal of giveaway accounts is to familiarize traders with the real opportunities provided by regular challenges.

2. Distribution of Giveaway Accounts

2.1 Affiliate Responsibilities

If an affiliate is authorized to distribute giveaway accounts, they must ensure that recipients do not include:

- Close relatives (spouse, children, parents, extended family members).
- Friends, colleagues, or anyone with whom they have ongoing personal or professional relationships.
- Themselves, either directly or through third parties providing their data.

Affiliates bear full responsibility for verifying recipients and ensuring compliance with these rules. They must also clearly inform participants of all giveaway account conditions.

2.2 Account Regulations

Giveaway accounts follow the same rules as regular challenge accounts but come with specific limitations. They are not specially marked but have restrictions outlined below.

3. Giveaway Account Restrictions

- **No Refunds:** Giveaway accounts are not eligible for refunds, except for systematic refunds that mimic real trading conditions.
- **No Redemption:** Giveaway accounts cannot be redeemed at any stage.
- **Limited Withdrawals:**
 - Maximum withdrawal per account: **EUR 500**, regardless of total profit.
 - Only **one withdrawal** is allowed per account.
- **Post-Withdrawal Account Status:**
 - The account is automatically closed after the first withdrawal.
 - Alternatively, if the user submits a declaration acknowledging giveaway account limitations, they may continue trading but without further withdrawals.
- **No Promotions or Resets:** Giveaway accounts cannot participate in promotions and cannot be reset at any stage.

These rules ensure fairness while maintaining the integrity of the SpiceProp challenge ecosystem.
